For all service, per therm 0.577¢
 per meter, per month

* In 1983 the Legislature established the Public Utilities Commission Reimbursement Fee to be paid by utilities to fund their regulation by the Commission (Public Utilities (PU) Code Section 401-443). The surcharge to recover the cost of that fee is ordered by the Commission under authority granted by the PU Code Section 433.

SPECIAL CONDITION

1. Report of Exempt Quantities:

- a. An electric generator that sells all or only a portion of its electricity production wholesale to an electric, gas, or steam public utility or the California Independent System Operator must provide a written report (Report of Exemption from SRF, Form No. 3090) of the exempt gas quantities to the Utility within three business days, unless prior to this date the Utility and Customer agree to an alternate receipt date, following the month in which gas was consumed in order to receive the exemption. If all gas quantities that are delivered to the electric generator will be exempt on a continuing basis, the electric generator may provide a prospectively effective Report of Exemption with a duration that shall not exceed twelve (12) calendar months.
- b. Customer is responsible for the accuracy of its reported exempt quantities.
